

# FTIR Gas Analyzer Applications Support

Prism Analytical Technologies specializes in the deployment of FTIR gas analyzers. Prism application specialists have been performing FTIR gas analysis since 1987 and providing FTIR services to Fortune 500 companies since 1992. We can support all of your company FTIR gas analysis needs including: FTIR training, calibration and method development, contract sample analysis, method and instrument phone support, and on-site FTIR deployment for emissions and process testing.

Review the list of Prism services and contact us at (989) 772-5088 to discuss how we can support your FTIR gas analysis program.

## FTIR Support

### ▼ Training

- Installation
- Applications
- FTIR Technology
- EPA & ASTM Methods

### ▼ Applications Support

- Methods & Recipe Development
- Method Optimization
- Standard operating procedures

### ▼ Contract Analysis

- Data Analysis
- Data Validation
- Catalyst Testing
- EPA & ASTM Methods

### ▼ Calibration Development

- Gas Standards
- Liquid Standards

### ▼ Phone Support

- Software
- Hardware
- Applications
- Methods

### ▼ Field Contract Services

- Emissions Testing
- EPA & ASTM Procedures

### ▼ Service

- Gas Cell Maintenance
- Optical Alignment
- Electronics Troubleshooting
